HAIR CLINIC

푸석하고 손상된 모발에 영양감 있는 윤기와 큐티클 케어

This product provides vital nutrition that recovers hair from cuticle care.

Korean Wildflower/Emu Oil Shampoo & Conditioner

[750ml]

ENRICHED ROSE CLINIC SHAMPOO

인리치 로즈 클리닉 샴푸

5 Korean Wildflower Extracts

- Chrysanthemum chrysanthemum extract, safflower extract, pot marigold extract, honeysuckle extract, and Geumbulcho extract
 - They supply nutrients to the hair roots, help with antibacterial effects on the hair roots and improve scalp blood circulation.
- a daily shampoo that breaks down fat in hair follicles.

Emu oil - Scalp care

- Emu oil is nature's miracle ingredient that has been used by indigenous people all over Australia to treat skin problems and wounds for a long time.
- This oil is extracted from the fat of emu birds. Emu oil helps keep the scalp soft and moist, and is also effective in reducing inflammation and healing wounds on scalp.

PRO REPAIR CLINIC NORMALIZER

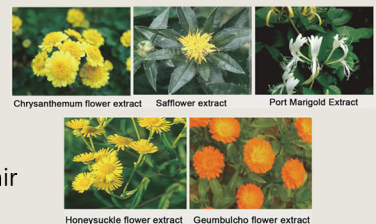

프로 리페어 클리닉 노멀라이저

This hair conditioner contains the 5-flowered wildflower extract and emu oil described above. The emu oil gently cares for dull hair without stickiness and improves hair splitting.

Various keratin ingredients provide a coating film on hair cuticles to maintain softness for a long time.

It is a wash-off type keratin conditioner for cracked & damaged hair with split ends caused by heat damage.

It can be used as a heat protectant before using a protein clinic or hair straightener at home.

DERMA CALMING TOTANSU SHAMPOO

더마 카밍 토탄수 샴푸

Peat water is brown, acidic, and nutrient-rich, with a pH of 5.2 which is the similar to hair pH, it does perform on the hair without damage by chemical. Peat forms when plant material does not fully decay in acidic and anaerobic conditions and it has a clarifying and cleansing effect on the scalp.

In particular, the fulvic acid and numerous humic substances found in peat shield the skin from free radicals and boost collagen production, which makes it an ideal ingredient for hair and scalp treatments.

ACID SHAMPOO COLOR&PERM

애씨드 샴푸 컬러&펌

Frequent color and perm treatments alkalize the hair's pH and harm the cuticle layer, making the hair rough and brittle.

Acid shampoo has a pH of 5.2, similar to that of hair, so it soothes the cuticle layer and maintains healthy hair even after frequent chemical use.

The hydrolyzed protein it contains nourishes the cuticle layer and supplies oil and moisture.
